

2010 Clean Air Plan

Chapter 1: Introduction

January 27, 2010

Author: Ron Tan

Topics

- Background and Purpose
- Current State Planning Requirements
- Plan Organization
- 2010 Clean Air Plan Schedule

Background and Purpose

- Santa Barbara County has attained the state one-hour ozone standard but not the state eight-hour ozone standard
- The 2010 Clean Air Plan is being developed to lead SBCAPCD toward attainment of state eight-hour ozone standard and to satisfy state triennial reporting requirements
- The 2010 Plan does not address federal planning requirements

Current State Planning Requirements

- State Triennial Progress Report from the 2007 Clean Air Plan
 - Achieve the state eight-hour ozone standard as expeditiously as practicable
 - 2010 Clean Air Plan to include “every feasible” control measure
- The 2010 Plan will include a Climate Protection chapter

Plan Organization

- Executive Summary
- Chapter 1: Introduction
- Chapter 2: Local Air Quality
- Chapter 3: Emission Inventory
- Chapter 4: Emission Control Measures
- Chapter 5: Transportation Control Measures
- Chapter 6: Emission Forecasting
- Chapter 7: State CAA Requirements
- Chapter 8: State Triennial Plan Revision
- Chapter 9: Climate Protection
- Chapter 10: Public Participation
