RE: Grant Agreement AP121311

Dear Ms. Ochej:

We received your written request, dated August 22, 2013, informing the APCD of your need to terminate Grant Agreement AP121311 to retrofit Bus#12. We also received the letter from Valley Power Systems that supports the decision to not retrofit Bus #12 because the diesel particulate filter mounting kit has not been approved by the California Highway Patrol.

Pursuant to Paragraph 14(b) of Grant Agreement AP121311 executed June 24, 2013, you may terminate this grant agreement for good cause. The APCD accepts your request and hereby terminates Grant Agreement AP121311. We understand that you have not purchased any equipment. As the APCD has not provided you with any funding under this grant agreement, you are not obligated to return any money to the APCD pursuant to Paragraph 14(b).

Sincerely,

Louis D. Van Mullem, Jr.

Air Pollution Control Officer

RE: Grant Agreement AP121312

Dear Ms. Ochej:

We received your written request, dated August 22, 2013, informing the APCD of your need to terminate Grant Agreement AP121312 to retrofit Bus#15. We also received the letter from Valley Power Systems that supports the decision to not retrofit Bus #15 because the diesel particulate filter mounting kit has not been approved by the California Highway Patrol.

Pursuant to Paragraph 14(b) of Grant Agreement AP121312 executed June 24, 2013, you may terminate this grant agreement for good cause. The APCD accepts your request and hereby terminates Grant Agreement AP121312. We understand that you have not purchased any equipment. As the APCD has not provided you with any funding under this grant agreement, you are not obligated to return any money to the APCD pursuant to Paragraph 14(b).

Sincerely,

Louis D. Van Mullem, Jr.
