RE: Scope of Work - Electric Vehicle Charging Station Infrastructure Program Grant

Mr. Fredrickson:

The University of California, Santa Barbara (UCSB) plans to install a total of eight additional Level II Electric Vehicle Charging Spaces in two publically-accessible campus parking structures (Parking Structures 10 & 18). Four older pre-existing CT2000 series ports will be moved from parking structure 10 and networked with other CT2000s in parking structure 18. The older CT2000 network and the latest CT4000 wireless networks are not compatible. UCSB’s parking structures offer the closest proximity between easy to find public parking and existing electrical panels, which reduces installation costs, as no trenching is required.

UCSB plans to purchase a total 4 units (each with dual ports) in the following configuration:

- 1 x ChargePoint CT4021 Dual Output - Bollard Mount – GPRS Gateway
- 1 x ChargePoint CT4021 Dual Output - Bollard Mount
- 2 x ChargePoint CT4023 Dual Output - Wall Mount
- 1 year pre-pay commercial ChargePoint Network Service Plan for eight L2 ports (CTSW-SAS-COMM-1)

Estimated Project Costs from Vendor (Clean Fuel Connections)

Rates
The parking permit dispenser nearest the Electric Vehicle Supply Equipment in Parking Structure 10 will collect the fees. Level 2 charging is sold at the rate of $1 per hour. The $1 per hour fee is slightly above current energy costs for the 6.6kW provided in an hour...There are no additional upcharges or fees for use of the EV charging station beyond the $1 per hour rate for power. Those who charge daily may also choose to purchase an all-you-can-charge EV permit for the annual-rates shown on our website http://tps.ucsb.edu/permOthEV.aspx

Signs and Wayfinding
EV Charging Station Location Signs and EV Charging Station Reserved Signs will be installed in front of each EVSE space (see sign photos in support document bundle provided) in addition to EV charging icons on both hard copy and electronic campus maps. http://www.aw.id.ucsb.edu/maps/images/aw_pdfs/UCSBmain.pdf Smartphone applications such as the ChargePoint and PlugShare for Android and iOS feature the location of our EVSE spaces along with turn-by-turn directions and real-time port-availability.

Current Electric Vehicle charging demand by the public exceeds supply in parking structures 10 and 18. UC Santa Barbara currently has 4 x Level 1 (120V spaces) and 12 x Level 2 (240V spaces). The proposed installation of an additional 8 x Level 2 spaces funded by the Electric Vehicle Charging Station (EVCS) Infrastructure Program Grant will bring our total Level 2 capacity to 20 spaces (total) a 66% increase in Level 2 EVCS capacity.

The current EVCS standard grant agreement contains a condition that matching funds are required. UCSB will be self-funding project management and inspection and hereby requests any additional matching funds requirement for the EVCS grant be waived.

The University appreciates the guidance and support offered by the SBCAPCD looks forward the expansion of our electric vehicle charging infrastructure to better meet the ever increasing public demand.

All Electric Vehicle Charging Station installation completion is expected within 90 days of SBCAPCD approval.

Sincerely,

Jamey Wagner

The County of Santa Barbara reserves the right to terminate forthwith each and every written contract and agreement (except purchase orders) for goods and/or services entered into by the County of Santa Barbara or by its joint powers, agencies or agents with the consent of the other parties (hereinafter called "contractor") including but not limited to concessions, franchises, construction agreements, leases, whether now in effect or hereinafter made if the county finds that the contractor is discriminating or has discriminated against any employee or applicant for employment in violation of any applicable state or federal laws, rules or regulations which may now or hereafter specifically prohibit such discrimination on such grounds as race, religion, sex, color, national origin, physical handicap when otherwise qualified, Vietnam era veteran/disabled, or age.

Such finding may only be made after contractor has had a full and fair hearing on notice of thirty (30) days before an impartial hearing officer at which hearing contractor may introduce evidence, produce witnesses and have the opportunity to cross-examine witnesses produced by the county. Further, any finding of discrimination must be fully supported by the facts developed at such hearing and set forth in a written opinion; and in addition, contractor may move in the appropriate court of law for damages and/or to compel specific performance of a contractor or agreement if any of the above procedures are not afforded to the contractor. If contractor is not found to have engaged in unlawful discriminatory practices, county shall pay all costs and expense of such hearing, including reasonable attorneys' fees to contractor in accordance with current Santa Barbara County Superior Court schedule of attorneys' fees for civil trials. If contractor is found to have engaged in such unlawful discriminatory employment practices, contractor shall pay all such costs, expenses and attorneys' fees.

Whether or not a contract or agreement is still in existence at the time of final determination of such unlawful discrimination, the contractor shall forthwith reimburse county for all damages directly stemming from such discrimination; however, those damages shall not exceed and are not reimbursable in an amount which exceeds amounts paid contractor under the terms of the contract or agreement.

being practiced, provided that such records are relevant to a complaint of an unlawful
discriminatory practice which has been forwarded to contractor reasonably prior to the time
contractor is asked to make such records available. In addition, all such records shall be deemed
"Confidential" by the officers, employees and agent of the county. No records or copies of such
records may be removed from the premises of contractor and no disclosure, oral or written of such
record, may be made to third parties except as provided within the agreement.

supervisors of Santa Barbara County may issue subpoenas to require that certified copies of such
records be made available to the hearing.

Failure to fully comply with any of the foregoing provisions relating to unlawful
discrimination in employment practices shall be deemed to be a material breach of any contract or
agreement with the County of Santa Barbara. All persons contracting with or who have contracts
for goods or services with the county shall be notified that this chapter applies to their contract or
agreement with the County of Santa Barbara. (Ord. No. 2946, SS 1; Ord. No. 2993, SS 1; Ord. No.

for termination of such purchase order.

has existed and the conditions giving rise thereto have not been changed so as to prevent further
such unlawful discrimination, and the said party shall not forthwith terminate such unlawful discrimination, take all appropriate steps to prevent a recurrence of such or other unlawful practices, and compensate the person or persons unlawfully discriminated against for any and all loss incurred by reason of such unlawful discrimination, all to the satisfaction of the affirmative action officer, then the affirmative action officer shall cause the matter to be presented for action to the State Fair Employment Practices Commission or the Federal Equal Employment Opportunities Commission, or both, and to any other concerned state or federal agencies or officers.
