Recommended Control Measures

- Stationary Source Control Measures:
 - Six measures recommended for adoption (3 NO_x, 3 ROC)
 - All these measures have been included in previous plans
- Transportation Control Measures:
 - No change to adopted TCMs and contingency measure
- Continue work to reduce marine shipping emissions

Nonattainment-transitional designation

- Happens by operation of law if a nonattainment area has three or fewer exceedances a year
- Official designation won't happen until early 2017
- What happens if we shift to NA-transitional?

Recommended Board Actions

Adopt the resolution (Attachment 1), which includes:

- CEQA Addendum, with the 2010 Clean Air Plan EIR
- CEQA Findings
- Adopt the 2016 Ozone Plan
- Commitment to adopt proposed control measures
- Commit the District to reviewing the plan and implementation schedule if designation changes to nonattainment-transitional
- Authorize the APCO to transmit the plan to the CA Air Resources Board
