Subject: Was the NoMoVo system ever connected to a fermentation tank for the full duration of a fermentation cycle at CCWS?

The NoMoVo system has been used on single tanks during a full cycle of fermentation for multiple times at the following wineries:

CCWS – Santa Maria, CA
JFW – Oakville, CA
Vinwood – Geyserville, CA
Constellation – Gonzales, CA
J. Lohr – Paso Robles, CA

Ad,

NohBell Corporation
