---

Hi Mike,

The Monterey Bay Air Resources District uses the California Air Resources Board's emission factors for red and white wine fermentation. This information is available on our website as summarized below.

Permit Guidance Website:

<http://mbard.org/programs-resources/permitting-engineering/permit-applications/permit-guidance/>

Winery Guidance Document Downloadable from Website:

[http://mbard.org/wp-content/uploads/2018/02/Winery-Emission-Factor-Guidance\\_02012018-1.pdf](http://mbard.org/wp-content/uploads/2018/02/Winery-Emission-Factor-Guidance_02012018-1.pdf)

Thank you,

Amy
