DISCUSSION:

Santa Barbara City Mayor Cathy Murillo has a distinguished record of dedicated public service serving on the Santa Barbara County Air Pollution Control District Board of Directors from 2018 through 2021, including one year as the Chair in 2019. During these 4 years, the Board of Directors has approved an update to the District's Ozone Plan, five rule development efforts, take over monitoring station operations at Santa Barbara, Carpinteria, and Santa Maria, and numerous grant and incentive programs to voluntarily reduce emissions and expand alternative fuel infrastructure, all while experiencing significant improvement to local air quality. The District would like to thank her for her years of service and wish her well in her future endeavors.
