

air pollution control district
SANTA BARBARA COUNTY

Agenda Item: D-5
Agenda Date: August 21, 2025
Agenda Placement: Admin
Estimated Time: N/A
Continued Item: No

Board Agenda Item

TO: Air Pollution Control District Board

FROM: Aeron Arlin Genet, Air Pollution Control Officer 

CONTACT: David Harris, Engineering Division Manager, (805) 979-8311

SUBJECT: Summary of Permitting Activity

RECOMMENDATION:

Receive and file the attached summary of permitting activity during the months of January through June 2025.

DISCUSSION:

The Santa Barbara County Air Pollution Control District issues permits¹ to stationary sources of air pollutants throughout the county, ensuring compliance with federal, state, and local air quality rules to protect human health and the environment and promote regulatory equity. This system requires that a permit be obtained before installing or operating any equipment which may cause the issuance of air contaminants.

The review of new sources of air pollution entails the following:

- Engineering analyses of permit applications;
- Evaluating applications for compliance with local, state, and federal rules and regulations;
- Issuing the mandated authority to construct permits; and,
- When compliance with applicable air regulations and permit conditions is met, issuing the permits to operate.

Reevaluations of existing permits, as required by law, are performed every three years to review the project descriptions, equipment lists, and conditions, and to bring the permits current with any new or revised rules and regulations. Larger sources require federal Part 70 operating permits in addition to the

¹ Pursuant to §42300 of the California Health and Safety Code

District's permitting requirements. A comprehensive map of stationary sources permitted by the District on the [Permitted Facilities Map](#).

In order to keep your Board informed of the permitting actions taken by the Air Pollution Control Officer, the attached report lists a summary of the 224 permits issued during the first half of 2025 (i.e., January – June). A similar update was provided to your Board at its January meeting to capture the permit actions during the months of July through December 2024.

The format of the information includes the permit type and number, facility name, company, location, permit description and date of issuance. The following permit types are included in the report:

- Authority to Construct (ATC)
- Authority to Construct Modification (ATC Mod)
- Authority to Construct and Permit to Operate (ATC/PTO)
- Authority to Construct and Permit to Operate Modification (ATC/PTO Mod)
- Emission Reduction Credit Certificate (ERC Cert)
- Written Exemption (Exempt)
- Initial Part 70 Permit (PT-70)
- Part 70 Renewal Permit (PT-70/Reeval)
- Permit to Operate (PTO)
- Permit to Operate Modification (PTO Mod)
- Reevaluation (Reeval)
- Transfer Owner/Operator (Trn O/O)

ATTACHMENT:

- A. Permitting Report, January – June 2025.

ATTACHMENT A

Permitting Report, January – June 2025

August 21, 2025

Santa Barbara County Air Pollution Control District
Board of Directors

260 San Antonio Road, Suite A
Santa Barbara, California 93110

Permits Issued: January - June 2025
