SANTA BARBARA COUNTY

**NOTICE OF PUBLIC HEARING
AIR POLLUTION CONTROL DISTRICT HEARING BOARD
COUNTY OF SANTA BARBARA**

Notice is hereby given that the Air Pollution Control District (District) Hearing Board of Santa Barbara County will hold a public hearing to consider the following matter on Wednesday, January 7, 2026, at 9:30 a.m., or as soon thereafter as the matter can be heard, at the Board of Supervisors Hearing Room, 105 East Anapamu Street, Santa Barbara, California, 93110.

Case No. 2025-04-M1 –
(Modification of Final Compliance Date)

MANN+HUMMEL Water Fluid Solutions, Inc.
dba MNUS
93 S. La Patera Lane
Goleta, CA 93117

Hearing – To consider a Petition for Modification of Regular Variance from District Rule 206, Permit to Operate 16120, Conditions 1, 2.d.iv, 9, 11.a (for thermal oxidizer APCD Device ID 109886), Table 3 (ACM Casting Dray and Rinse Tank Emissions), and Table 4 (for thermal oxidizer APCD Device ID 109886). The variance petition was submitted on December 1, 2025, for relief from the Best Available Control Technology (BACT) reactive organic compounds (ROCs) destruction efficiency requirements, outlet flow rate, and source test requirements for the thermal oxidizer until compliance can be achieved.

The Petitioner manufactures water purification filters, located at 6325 Lindmar Avenue in Goleta, California. The Petitioner is currently operating under Variance Order 2025-04-R, which provides enforcement relief through January 28, 2026, or the date compliance is achieved, whichever occurs first.

Per Health and Safety Code §42356 and §42357, the Petitioner is requesting a Modification of Variance, Modification of Increments of Progress, and Modification of Final Compliance Date to extend coverage through January 28, 2027, or the date compliance is achieved, whichever occurs first. If granted, the Variance would provide continued relief from the Best Available Control Technology (BACT) reactive organic compounds (ROCs), destruction efficiency requirements, outlet flow rate, and source test requirements for the thermal oxidizer.

Said Petition is on file with the Clerk of the District Hearing Board and available for public inspection. Interested persons may submit written evidence, arguments concerning this matter, or make arrangements to view said Petition before the hearing by contacting the Hearing Board Clerk at: variance@sbcapcd.org, or 260 North San Antonio Rd., Suite A, Santa Barbara, California 93110.

Witness my hand and seal this 18th Day of December, 2025.

AERON ARLIN GENET

Clerk of the Hearing Board
