

SANTA BARBARA COUNTY
AIR POLLUTION CONTROL DISTRICT
POLICIES AND PROCEDURES

Policy No.	<u>6100.005.2016</u> Div Pol Yr	Draft <u> x </u>
Supersedes No.	<u>6100.005.1988</u> Div Pol Yr	Final <u> </u>
Date:	<u>August 25, 2016</u>	Pages <u> 1 </u>
Topic:	<u>Applicant Request to Waive Permit Conditions</u>	
Distribution:	<u>Engineering Division Staff</u>	

Once an Authority to Construct or Permit to Operate is issued with conditions, the District does not have the authority to waive implementation of the conditions when requested to do so by the applicant. If the permittee has a Permit to Operate, they have the option to seek administrative relief from permit conditions in the form of a Variance from the District's Hearing Board. The Hearing Board cannot consider a variance request if the owner/operator does not have a Permit to Operate. See Engineering Division P&P 6100.042 (*Managing the Source Compliance Demonstration Period*) for requests to deviate from the permit conditions of an Authority to Construct permit.

Policies and Procedures Memoranda are intended to provide agency staff, applicants and the public guidance relative to standardized APCD procedures. These policies and procedures shall not be interpreted in conflict with APCD Rules and Regulations or administrative policies, and may be modified or updated periodically without advance notice.
