ANNUAL REPORT INSTRUCTIONS FOR SURFACE COATING OPERATIONS

- MATERIAL:** List all materials used by **brand name, stock ID, and type** (i.e., enamel, lacquer, etc.) in this column from your monthly records. If you need extra space, you may either make extra copies or write the information on a separate sheet.
- TOTAL USAGE:** In the columns to the right of the material categories, please list the total amount of material used, recycled, and the maximum lbs/gallon of ROCs that the material has. If the material used has the maximum ROCs expressed in grams/liter, calculate as follows to convert to lbs/gallon:
$$\frac{\text{grams/liter}}{120} = \text{lbs/gallon}$$
- TOTAL RECYCLED:** This is the amount of material sent off site, either by hazardous waste hauler, sent to a recycling center, or sent back to the manufacturer. If you are recycling by some other method, please attach explanation.
- NET USAGE:** The **total usage** minus the **total recycled** equals the **net usage**.
- ROC (Reactive Organic Compounds) LBS/GAL:** Consult your supplier for assistance if you are unable to determine the ROC limit of your material.
- EMISSIONS LBS/YEAR:** Multiply the **net usage** with the **ROC lbs/gal** to get the **emissions lbs/year**.
- CHECK YOUR PERMIT:** Check the *Reporting* condition of your permit, there may be additional information that needs to be submitted with this report. Please provide any additional information that you are required to submit.
- SUBMITTAL:** Submit by mail or e-mail. When submitting via e-mail, if you do not receive a response within 72 hours confirming that the District has received your submittal, please assume the annual report was not received and contact us at (805) 979-8050. *Faxes Not Accepted.*
