Case No. 2016-37-M1 (Regular Variance) –

Beacon West on behalf of
State Lands Commission
1072 Casitas Pass Rd. #221
Carpinteria, CA 93013

Hearing – To consider an application submitted on November 14, 2017 by Beacon West on behalf of the California State Lands Commission, in anticipation of the Transfer of Owner or Operator application being deemed complete, for a Modification of Variance and Modification of Final Compliance Date for Regular Variance 2016-37-R. The Petitioner is requesting continued relief from District Rules 333.I and 206, Condition 9.C.20 of Part 70/Permit to Operate 8234. The Petitioner operates the equipment described in the Petition at Platform Holly, located on offshore lease tract 3242-1, South Ellwood Offshore Field.

As a result of the Plains All American Pipeline (AAPL) Line 901 failure on May 19, 2015, the Petitioner experienced facility impacts. The Petitioner is requesting continued relief from the requirements to perform emission testing of three drilling generators that are operating minimally to “exercise” the engines and less than the amount that is necessary for testing, during this extended shutdown. Per Health and Safety Code §42356-42357, the Petitioner is requesting a Modification of Variance and Modification of Final Compliance Date for 2016-37-R, extending variance coverage through December 06, 2019, or the date the facility begins decommissioning operations (as determined by the District), whichever occurs first.

Case No. 2016-38-M1 (Regular Variance) –

Venoco, LLC
6267 Carpinteria Avenue
Carpinteria, CA 93013

Hearing – To consider an application submitted on November 14, 2017 by Venoco, LLC for a Modification of Variance and Modification of Final Compliance Date for Regular Variance 2016-38-R. The Petitioner is requesting continued relief from District Rule 206, Conditions 9.C.1(c)(v), 9.C.1(c)(vi), and 9.C.1(c)(viii) of Part 70/Permit to Operate 7904. The Petitioner operates the equipment described in the Petition at the Ellwood Onshore Facility (EOF) located approximately 14 miles west of the City of Santa Barbara, California.

As a result of the Plains All American Pipeline (AAPL) Line 901 failure on May 19, 2015, Venoco, LLC has experienced facility impacts. The Petitioner is requesting continued relief from the requirements to perform measurement and analysis of gas streams that have no gas flow during this extended shutdown. Per Health and Safety Code §42356-42357, the Petitioner is requesting a Modification of Variance and Modification of Final Compliance Date for 2016-38-R, extending variance coverage through December 06, 2019, or the date the facility begins decommissioning operations (as determined by the District), whichever occurs first.

Case No. 2016-39-M1 (Regular Variance) –

Venoco, LLC
6267 Carpinteria Avenue
Carpinteria, CA 93013

Hearing – To consider an application submitted on November 14, 2017 by Venoco, LLC for a Modification of Variance and Modification of Final Compliance Date for Regular Variance 2016-39-R. The Petitioner is requesting continued relief from District Rule 206, Conditions 9.C.1(c)(i) and 9.C.2(c)(i) of Part 70/Permit to Operate 7904. The Petitioner operates the equipment described in the Petition at the Ellwood Onshore Facility (EOF) located approximately 14 miles west of the City of Santa Barbara, California.

As a result of the Plains All American Pipeline (AAPL) Line 901 failure on May 19, 2015, Venoco, LLC has experienced facility impacts. The Petitioner is requesting continued relief from the requirements to perform emission testing of combustion equipment that is not operating or is operating intermittently and less than the amount that is necessary for testing, during this extended shutdown. Per Health and Safety Code §42356-42357, the Petitioner is requesting a Modification of Variance and Modification of Final Compliance Date for 2016-39-R, extending variance coverage through December 06, 2019, or within 90 days of the date the facility begins decommissioning operations (as determined by the District), whichever occurs first.

Case No. 2015-35-M2 (Regular Variance) –

Freeport McMoRan Oil & Gas
201 South Broadway
Orcutt, CA 93455

Hearing – To consider an application submitted on November 14, 2017 by Freeport McMoRan Oil & Gas for a Modification of Final Compliance Date for Regular Variance 2015-35-M1. The Petitioner is requesting continued relief from District Rules 359 and 206, Conditions 9.B.2, 9.C.2(c)(iii), 9.C.3, 9.C.24(h), and 9.C.24(i) of Part 70/Permit to Operate 9105. The Petitioner operates the equipment described in the Petition at Platform Hidalgo, located on offshore lease tract OCS-P-0450, approximately seven miles offshore of Point Arguello, California.

As a result of the Plains All American Pipeline (AAPL) Line 901 failure on May 19, 2015, Freeport McMoRan Oil & Gas has experienced facility impacts. Due to the uncertainty of when the AAPL will re-establish pipeline operations, the Petitioner is preserving equipment to manage its integrity. The Petitioner feels preservation activities may occur for an extended period. The Petitioner is requesting relief from the requirements to perform many testing, measurement, and/or recordkeeping procedures of process parameters that are affected by this extended shutdown. Per Health and Safety Code §42357, the Petitioner is requesting a Modification of Final Compliance Date for 2015-35-M1, extending variance coverage through December 01, 2019, or the date the facility resumes oil and gas production, whichever occurs first.
