C. Definitions

All terms shall retain the definitions provided under 40 CFR Part 70.2 in effect in the District under Title I, Part D of the federal Clean Air Act and its implementing regulations unless otherwise defined herein.

"Major Source of Regulated Air Pollutants (excluding hazardous air pollutants)" means any stationary source:

a. that emits or has the potential to emit a regulated air pollutant (excluding hazardous air pollutants) in quantities equal to or exceeding the following thresholds:

b. defined by the Environmental Protection Agency as major for the District under Title I, Part D (Plans for Nonattainment Areas) of the Clean Air Act and its implementing regulations including:

1) one hundred tons per year or more of any pollutant, except greenhouse gases.
2) greenhouse gases equal to or exceeding the greenhouse gas thresholds as specified in 40 CFR 70.2 in effect in the District under Title I, Part D of the federal Clean Air Act and its implementing regulations.
3) any lesser quantity thresholds established by Environmental Protection Agency rulemaking.

Regulated Air Pollutant" means the following air pollutants as regulated under the federal Clean Air Act: any air pollutant (a) which is emitted into and otherwise enters the ambient air, as defined in 40 CFR 50.1 in effect in the District under Title I, Part D of the federal Clean Air Act and its implementing regulations, and (b) for which the Environmental Protection Agency has adopted an emission limit, standard or other requirement. Regulated air pollutants include:

[... ]
a. Oxides of nitrogen and volatile organic compounds (as defined in 40 CFR 51.166 in effect [date of amended rule adoption]);

b. Any pollutant for which a national ambient air quality standard has been promulgated pursuant to Section 109 of the Clean Air Act and its implementing regulations;

c. Any Class I or Class II ozone depleting substance subject to a standard promulgated under Title VI of the federal Clean Air Act;

d. Any pollutant that is subject to any standard promulgated under Section 111 (New Source Performance Standards) of the federal Clean Air Act and its implementing regulations;

e. Any ozone-depleting substance specified as class I or II substance pursuant to Title VI of the Clean Air Act and its implementing regulations; and

f. Greenhouse gases as defined in 40 CFR 70.2 in effect [date of amended rule adoption].
